About Me

My name is Connie Hampton, a 53-year-old mother of two from Missouri. I've been involved with DHS club for several months now, and found the online savings I've received from the Club Shop Mall, along with the experience and motivation my personal sponsors have given me, to be very rewarding. DHS Club has been one of the world's greatest online shopping malls for many years, and I'm proud to be a part of its success. There are just so many benefits you get from your free membership.

I have been affiliated with several online companies, but many of these businesses would take my money, then either go through only some of the steps that are necessary, or just leave me to figure it out on my own. But DHS Club not only taught me what I needed to know, they also helped me to construct a personalized business plan, and answered any questions I had. The steps they use will take time, but with enough patience, dedication, and teamwork, you will soon have the knowledge necessary to create a successful online business.

OUR FREE TRIAL OFFER

I would like to invite you to join the DHS Club as a free Member, and experience it for yourself. As a free member, you will be issued a ClubBucks rewards card, which you can use for many online purchases, as well as receiving Reward Points at the Club Shop online shopping mall. But your ClubBucks rewards card isn't limited to just online purchases. You can also shop offline at any of our participating retailers all over the world. When your application is received, my upline sponsors and I will sponsor you, and get your online business to a start by building a network of prospective customers and founders. But our assistance doesn't end there – once we get your business started, one of us will be on hand to answer any questions you might have about DHS Club, the Club Shop Mall, or your membership.

To conclude, I would like to take this opportunity to say that being a member of the DHS Club has been a rather interesting and knowledgable experience for me. Not only have I learned a great deal about how to run my own business, but I've also met a lot of very interesting people who have stood by me, and helped me construct my successful business.
